Honda is amending Defect Information Report (DIR) 19V-502 to remove 11 vehicles from the affected vehicle population based on additional analysis performed after the DIR filed on June 27, 2019. Honda confirmed that certain affected vehicles either i) have associated warranty records indicating that a passenger front airbag inflator from an alternative manufacturer was installed during a previous recall repair, or ii) that a preceding passenger front airbag inflator recall is still open on the vehicle and are already accounted for in the preceding recall. This amendment impacts the following reporting categories:

1. Identification of potentially affected vehicles; and
2. Total number of potentially affected vehicles.

573.6(c)(2)

Identification of potentially affected vehicles:

<u>Make/Model</u>	<u>Description</u>	<u>Number of Vehicles in Initial Report</u>		<u>Number of Vehicles in Amended Report</u>
Honda Accord Crosstour	Certain 2010 model year	44	→	43
Honda CR-V	Certain 2007 model year	677	→	675
Honda CR-V	Certain 2008 model year	719	→	716
Honda CR-V	Certain 2010 model year	398	→	396
Honda CR-V	Certain 2011 model year	480	→	479
Honda Fit	Certain 2012 model year	98	→	97
Honda Pilot	Certain 2012 model year	172	→	171

573.6(c)(3)

Total number of potentially affected vehicles:

9,566	(original population)
- 11	(population reduction)
<u>9,555</u>	(amended population)
