Dear Ms. Shute:

This letter serves to acknowledge Chrysler (FCA US LLC)'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. VEHICLE SPEED CONTROL:ACCELERATOR PEDAL

Potential Number of Units Affected: 34,034

Problem Description:

Chrysler (FCA US LLC) is recalling certain Mopar All-Weather Floor Mat Kits (Crew - Big/Horn/Laramie, and Crew - Laramie with product numbers 8221530AB, 82215320AC, 82215321AB, 82215321AC, 82215322AB, 82215323AB, 82215322AC, 82215323AC, 82215421AB, 82215421AC, 82215422AB, and 82215422AC) sold as accessory equipment in 2018, 2019 and 2020 for use in 2019-2020 Ram 1500 vehicles with adjustable pedals. In certain accelerator pedal positions, the floor mats may prevent the pedal from returning to the normal resting (idle) position.

Consequence:

A pedal that does not return as expected may affect the vehicle's deceleration, thereby increasing the risk of a crash.

Remedy:

Chrysler will notify owners, and dealers will modify the driver's floormat to remove the potential for pedal interference, free of charge. The recall is expected to begin October 16, 2020. Owners may contact FCA US LLC customer service at 1-800-853-1403. FCA US LLC's number for this recall is W64.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Chrysler's proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
