March 19, 2020

Monica Gonzalez  
Concession Nation  
1821 SW 42nd Way  
Deerfield Beach, FL 33442

NEF-150MR  
20V-139

**Subject:** Trailer may be Overloaded/49 CFR Part 574

Dear Monica Gonzalez:

This letter serves to acknowledge Concession Nation's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

CONCESSION NATION/QUAT/2019-2020

**Mfr's Report Date:** March 6, 2020

**NHTSA Campaign Number:** 20V-139

**Components:**

EQUIPMENT:OTHER:LABELS

**Potential Number of Units Affected:** 54

**Problem Description:**

Concession Nation is recalling certain 2019-2020 QUAT trailers. The tire and loading information sticker may indicate an incorrect cargo weight. As such, these vehicles fail to comply with the requirements of 49 CFR Part 574, "Tire Identification and Recordkeeping."

**Consequence:**

Incorrect cargo weight information may result in the trailer being overloaded, affecting the tires or the vehicle's handling, thereby increasing the risk of a crash.

**Remedy:**

Concession Nation will notify owners and provide owners with a new tire and loading information sticker, free of charge. The recall is expected to begin in March 2020. Owners may contact Concession Trailers customer service at 1-888-892-4299.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Note: 49 CFR Part 574 is not a Federal Motor Vehicle Safety Standard. Therefore, this recall filing is considered to be a safety defect, not a noncompliance.

NHTSA is missing critical, required information for this safety recall. This information must be supplied through the NHTSA Recalls Portal within 5 working days of confirming its accuracy:

- A description of the basis for your company's determination of the recall population (49 CFR 573.6 (c)(2)).
- The percentage of products estimated to contain the defect or noncompliance (49 CFR 573.6 (c)(4)).
- An identification and description of the risk to motor vehicle safety reasonably related to the defect or noncompliance (49 CFR 573.6 (c)(5)).
- In the case of a noncompliance, the test results and other information that your company considered in determining the existence of the noncompliance. Your company shall identify the date of each test and observation that indicated that a noncompliance might or did exist (49 CFR 573.6 (c)(7)).
- A description of the manufacturer's program for remedying the defect or noncompliance (49 CFR 573.6 (c)(8)(i)).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle once it has been determined to be a safety defect.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at (202) 366-1060, or by email at [michelle.rice@dot.gov](mailto:michelle.rice@dot.gov). We look forward to working with you.

Sincerely,

Joshua Neff  
Chief, Recall Management Division  
Office of Defects Investigations
