Mr. Adrian Diaz
Assistant Engineering Director Automotive Safety Office
Ford Motor Company
330 Town Center Drive
Suite 500/5024
Dearborn, MI 48126

NEF-150DM
20V-197

Subject: Gear Position Display May Be Inaccurate

Dear Mr. Diaz:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FORD/EXPEDITION/2020
FORD/F-150/2020
FORD/RANGER/2020

Mfr's Report Date: April 3, 2020

NHTSA Campaign Number: 20V-197

Components:

POWER TRAIN:AUTOMATIC TRANSMISSION:GEAR POSITION INDICATION (PRNDL)

Potential Number of Units Affected: 55,158

Problem Description:

Ford Motor Company (Ford) is recalling certain 2020 Ranger and F-150 vehicles equipped with 10-speed automatic transmissions and certain 2020 Expedition vehicles equipped with a "police" package. The transmission shift cable lock clip may not be fully seated, allowing the transmission to actually be in a different gear than the gear shift position selected by the driver.

Consequence:

If the transmission selection does not match the indicated gear selection, and the parking brake is not applied, unintended vehicle movement can occur, increasing the risk of injury or crash.

Remedy:

Ford will notify owners, and dealers will inspect and correct the shift cable locking clip installation, as necessary, free of charge. The recall is expected to begin April 27, 2020. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 20S18.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be DeMara Magruder who may be reached by phone at (202) 366-8538, or by email at demara.magruder@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Josh Neff".

Joshua Neff
