Subject: Front Tire May Contact Slide Out Bracket

Dear Mr. Becker:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FOREST RIVER/FLAGSTAFF/2016
FOREST RIVER/ROCKWOOD/2016

Mfr's Report Date: April 17, 2020

NHTSA Campaign Number: 20V-221

Components:

TIRES

Potential Number of Units Affected: 83

Problem Description:

Forest River, Inc. (Forest River) is recalling certain 2016 Rockwood Lite RLT2604WS and Flagstaff Lite FLT26RLWS recreational trailers. Due to insufficient clearance between the front tire and slide out actuator, the tire may contact the slide out bracket and become damaged.

Consequence:

If the front tire becomes damaged, it may fail and cause a loss control of the vehicle, increasing the risk of a crash.

Remedy:

Forest River will notify owners, and dealers will install a lift kit that will provide the proper clearance between the tire and the slide out bracket. Damaged tires will be replaced. These repairs will be performed free of charge. The recall is expected to begin May 27, 2020. Owners may contact Forest River customer service at 1-574-642-8943. Forest River's number for this recall is 10D-1159.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

NHTSA is missing critical, required information for this safety recall. This information must be supplied through the NHTSA Recalls Portal within 5 working days of confirming its accuracy:

- A statement that the defect or noncompliance can cause a vehicle crash without prior warning; or a description of whatever prior warning may occur, and a statement that if this warning is not heeded, a vehicle crash can occur (49 CFR 577.5 (f)(1)).

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kristin Lepper who may be reached by phone at 202-366-5227, or by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Joshua Neff
