Subject: Missing Seat Belt Anchorage Washers/ FMVSS 210

Dear Ms. Hancock:

This letter serves to acknowledge Blue Bird Body Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

BLUE BIRD/ALL AMERICAN/2019-2021
BLUE BIRD/VISION/2019-2021

Mfr's Report Date: July 15, 2020

NHTSA Campaign Number: 20V-407

Components:

SEAT BELTS:FRONT:ANCHORAGE

Potential Number of Units Affected: 149

Problem Description:

Blue Bird Body Company (Blue Bird) is recalling certain 2019-2021 Vision and All-American transit buses. The three-point seatbelt assembly may have been installed without reinforcing washers under the floor at the anchorage point, possibly preventing the assembly from remaining anchored in the event of a crash. As such, these vehicles fail to comply with Federal Motor Vehicle Safety Standard number 210, "Seat Belt Assembly Anchorages."

Consequence:

In the event of a crash, seat belt anchorages that do not remain secured increase the risk of injury to those seat occupants.

Remedy:

Blue Bird will notify owners, and dealers will inspect the seat belt anchorage point hardware and install any missing hardware as needed, free of charge. The recall is expected to begin September 11, 2020. Owners may contact Blue Bird customer service at 1-478-822-2242. Blue Bird's number for this recall is R20AX-NSB.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

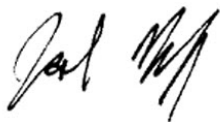

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at (202) 366-1060, or by email at michelle.rice@dot.gov. We look forward to working with you.

Sincerely,

Joshua Neff
