Problem Description:

REV Recreation Group (REV) is recalling certain 2020-2021 Fleetwood Flair, Bounder, Southwind and Fortis and Holiday Rambler Vacationer, Invicta, and Admiral motorhomes equipped with a Dometic propane gas stove, model R1731 or R2131 manufactured November 2018 or later or model S31 manufactured November 2018 or later. In certain stove serial number ranges, a gas leak may occur in the cooking stove.

Consequence:

A gas leak can increase the risk of a fire.

Remedy:

REV will notify owners, and Dometic dealers will repair the affected stoves, free of charge. The recall is expected to begin December 4, 2020. Owners may contact REV customer service at 1-800-509-3417.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner). To be clear, REV needs to be party mailing to the affected motorhome owners.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
