Dear Mr. Langlois:

Makes/Models/Model Years:
ZERO/SR/F/2020
ZERO/SR/S/2020

Mfr's Report Date: November 13, 2020

NHTSA Campaign Number: 20V-704

Components:
EXTERIOR LIGHTING:BRAKE LIGHTS:SWITCH

Potential Number of Units Affected: 659

Problem Description:
Zero Motorcycles Inc. (Zero) is recalling certain 2020 SR/F and SR/S motorcycles. The front brake switch can fail from water getting into the switch.

Consequence:
An inoperable front brake switch will not illuminate the brake light when the rider applies the front brakes. Following vehicles may not realize the motorcycle is braking. Cruise control will not shut off with the application of the front brakes. Both conditions increase the risk of a crash.

Remedy:
Zero will notify owners, and dealers will replace the front brake switch, free of charge. The recall is expected to begin November 30, 2020. Owners may contact Zero customer service at 1-888-841-8085. Zero's number for this recall is SV-ZMC-021-020.

Notes:
Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Zero's proposed owner notification letter and approved it for distribution.
Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs.
