**FOREIGN TIRE SALES, INC., SERVICE RECALL BULLETIN**

November 18, 2020

**To:** Otani Truck Tire dealers

**Subject:**

Safety Recall

Otani OH-306 425/65R-22.5

DOT codes: Ending in 0320

**AFFECTED TIRES:**

138 Otani OH-306 425/65R-22.5 with DOT ending 0320

**REASONS FOR RECALL**

Foreign Tire Sales, Inc. ("FTS") has determined that certain Otani commercial truck tires model OH-306 size 425/65R-22.5 with DOT numbers ending in 0320 contain a defect. The tires may develop cracks in the tread which could lead to tread separation, sudden loss of air pressure increasing the risk of a crash.

**IMPORTANT INSTRUCTIONS:**

**Dealers are instructed that no tires subject to this recall may be sold.**

Dealers are to cut the DOT number out of the tire, destroy the tire, and dispose of the tire in an environmentally acceptable fashion. The cut-out DOT number and proof that the tire has been destroyed and properly disposed of must be returned to FTS.

Provide FTS with any information you have as to the name, address and contact information of any customer who purchased any of the affected tires from you.

**PERMANENT SERVICE ACTION**

Upon receipt of the above, FTS will reimburse you the cost of the tire plus \$25.00 to cover your costs.
