#### \*\*\*\*\* Campaign Summary \*\*\*\*\*

As previously announced on March 18, 2020, INFINITI has notified the National Highway Traffic Safety Administration (NHTSA) that it will conduct a Voluntary Recall Campaign on certain MY2020 INFINITI Q60 vehicles to inspect the manufacturing date on the rear seat belt tags and replace the right hand, left hand, or both seat belt retractor assemblies if they were manufactured within the affected production period.

Due to a manufacturing process issue that has since been corrected, the left-hand and right-hand rear seat belt assemblies on some of the affected vehicles may have been manufactured out of specification. In certain cases of severe, multi-impact crashes, an affected rear seat belt assembly may not properly restrain the passenger, increasing the risk of injury.

#### \*\*\*\*\* What Retailers Should Do \*\*\*\*\*

1. Verify if vehicles are affected by this Voluntary Safety Recall Campaign using Service Comm or DBS National Service History – Open Campaign I.D. R20A5
  - New vehicles in retailer inventory can also be identified using DBS (Sales -> Vehicle Inventory, and filter by Open Campaign)
  - Refer to IPSB 15-286 for additional information

2. Retailers **must not** sell, lease, trade, rent or loan any vehicles in retailer inventory affected by this recall campaign until after the vehicle has been repaired.
  - Retailers should not use INFINITI Courtesy Vehicles subject to this recall until they have been inspected, and if necessary, repaired.
3. Retailers should use **ITB20-012** to inspect and, if necessary, remedy affected vehicles in retailer inventory. Once repaired, retailers should submit the claim, using the claims coding provided for the applicable action taken, and release the vehicle.

**\*\*\*\*\* Retailer Responsibility \*\*\*\*\***

It is the retailer's responsibility to check Service Comm or DBS National Service History – Open Campaign using the appropriate Campaign I.D. for the campaign status on each vehicle falling within the range of this voluntary safety recall campaign, which for any reason enters the service department. This includes vehicles purchased from private parties or presented by transient (tourist) owners and vehicles in retailer inventory. If a VIN subject to this recall campaign was part of a retailer trade, the letter associated with that VIN should be forwarded to the appropriate retailer for service completion.
