IMPORTANT SAFETY RECALL

BRAKE LINE CLIP INSPECTION AND INSTALLATION – 20V-193

(Transport Canada 2020-142)

To: Isuzu Commercial Truck Service Managers and Parts Managers

This notice and Campaign Bulletin CB20-H-001A with sample owner letters are being sent to update you about Safety Recall – Brake Line Clip Inspection and Replacement in certain Isuzu commercial vehicles.

AFFECTED VEHICLES

- 2019MY Isuzu N-Gas Vehicles Produced Between July 8 and July 12, 2019

CONDITION

Isuzu Motors Limited has decided that a defect, which relates to motor vehicle safety, exists in certain 2019MY Isuzu N-Gas vehicles produced between July 8 and July 12, 2019. In some of the affected vehicles, the brake line clip(s) for the rear driver side brake line (which is routed inside the passenger side frame rail) may have been incorrectly installed, potentially allowing the brake line to make contact with a grounding bolt. Repeated contact with the bolt could compromise the rear driver side brake line, leading to a loss of brake fluid and resulting in a drop in the hydraulic brake pressure and a reduction or loss of the rear driver side braking performance. All of the remaining brakes (front, passenger side rear and parking brake) will continue to operate normally. If the rear driver side brake fails, the braking performance of the vehicle can be reduced, increasing the risk of a crash.

CORRECTION

Dealers will inspect the brake line mounting clips to determine if they were installed correctly. If the clips are not installed correctly, the brake line will be replaced. This service will be performed **free of charge**.

VEHICLES INVOLVED

Involved are certain 2019MY Isuzu N-Gas vehicles produced between July 8 and July 12, 2019.

OWNER NOTIFICATION

OWNER NOTIFICATION WILL BEGIN MAY 15, 2020.

Please ensure that all appropriate personnel within your dealership are aware of this Safety Recall – Brake Line Inspection and Replacement and that the necessary repairs are performed on all affected vehicles either in your inventory or brought into your dealership for repair per the above instructions.
