REF #: ICI21-037

Effective: 12/21/21

Release: 12/21/21

**SUBJECT: FL863 – Revised Bulletin**

This letter is to inform you that a revised bulletin for Recall FL863 Freightliner Cascadia Brake Light Illumination is available on DTNAConnect. Please print and use the revised bulletin for all work under FL863 from this point forward.

**REVISION: Revisions were needed to add images of acceptable jumper harness variations, a brake light functionality test using DiagnosticLink, and to perform an air leak check.**

If you have questions or need further information, contact the Warranty Campaigns Department by submitting an inquiry through the WSC Link on DTNAConnect.

*The information contained in this letter supercedes and supplements any related policies and procedures in any previously released bulletins, the Warranty Manual, and/or previously released letters. Failure to read or distribute this letter will not exempt addressees from compliance with the information contained herein.*
