Subject: **Recall 20V-601 PHEV Module return**

Attention BMW Parts Manager:

Please note the module return process specific for recall 20V-601 is still being finalized. Until the return process is communicated, please maintain these modules at your center as noted in the Service Information Bulletin B61 23 20.

The high-voltage (HV) battery module return process that is specific to this Recall is still being finalized, in the short-term and in accordance with local ordinances, please retain the HV battery modules until the special return process becomes available.

Please **DO NOT** return these recalled HV battery modules directly to the WPRC or through the current HV Battery return process.

These modules are not to be returned through the normal HV return process.

Thank you,

Diana Walters

Battery Program Manager
