<b>RE: Launch Recall Campaign Notification</b> Model 907 (Sprinter) Model Years 2020 Inspect Brake Hose	DATE: November, 2020

## **IMPORTANT RECALL CAMPAIGN INFORMATION**

Please see the attached documents related to the campaign listed above

Mercedes-Benz USA, LLC and Daimler Vans USA, LLC

# News Channel Update | Vans Customer Service and Parts

Description Vision   This is to notify you of the upcoming Recall Campaign concerning the inspection of brake hose on approximately 403 MV20 Mercedes-Benz Sprinter vans. The recall campaign will be visible on the <u>www.safercar.gov</u> website and may generate questions from customers. All affected VINs will be flagged as "OPEN" in VMI.   Background Background   Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vans, has determined that certain Mercedes-Benz Sprinter vehicles from the 907 platform (VS30) may have sustained an outer area cut to the brake hoses on the front and rear axles during production. If a brake hose were to be damaged during production, over time and as the material ages, the hose could begin to leak brake fluid, affecting the braking performance of the vehicle, including the potential loss of directional stability when braking, thereby increasing the risk of a crash.   What We're Doing MBUSA is conducting a voluntary recall. An authorized Mercedes-Benz Sprinter dealer will check the condition of the brake hoses on the rear and front axle and replace them as needed.   Parts Parts are available. Please note that the estimated replacement rate for this campaign is 5%. Parts should only be ordered in the event a replacement is required.   Vehicle Model Year(s) Model Year 2020   Vehicle Model Year(s) Model Year 2020   Vehicle Model Year(s) Model Year advantary for a dealer to sell or lease any new Sprinter vehicles in dealer inventory covered by this notification until the vehicle has been repaired.   Loaner and demonstrator vehicles may continue to be driven, but must not be retailed until repaired.   Additionally, given thi	Campaign No. :	Campaign No. : Campaign Desc. :

## **Recall Campaign Bulletin**

Campaign No. 2020110016 November, 2020

### TO: ALL MERCEDES-BENZ CENTERS

## SUBJECT: Model 907 (Sprinter), Model Year 2020 Inspect Brake Hose

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vans, has determined that certain Mercedes-Benz Sprinter vehicles from the 907 platform (VS30) may have sustained an outer area cut to the brake hoses on the front and rear axles during production. If a brake hose were to be damaged during production, over time and as the material ages, the hose could begin to leak brake fluid, affecting the braking performance of the vehicle, including the potential loss of directional stability when braking, thereby increasing the risk of a crash. An authorized Mercedes-Benz Sprinter dealer will check the condition of the brake hoses on the rear and front axle and replace them as needed.

- Please check VMI to determine if the vehicle is involved in the Campaign and if it has been previously repaired.
- Please review the entire Recall Campaign bulletin and follow the repair procedure exactly as described.

Please note that Recall Campaigns **do not expire** and may also be performed on a vehicle with a vehicle status indicator.

Approximately 403 vehicles are involved.

## Order No. V-RC-2020110016

Reacil Campaign Bulletin

This bulletin has been created and maintained in accordance with MBUSA-SLP S423QH001, Document and Data Control, and MBUSA-SLP S424HH001, Control of Quality Records.
