Dear Keystone

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2019-2021 Outback Travel Trailers. As a result, Keystone RV is conducting a safety recall.

Reason for This Recall

It has been decided that the vehicles in the recall population may have a section of frame rail with inadequate support where the draw bar is attached. Under certain conditions during travel, the frame rail may yield and buckle possibly leading to an increased failure and vehicle crash. The vehicles included in the recall are:

2019-2021 Outback Travel Trailers, Models 335CG, 340BH

Serial Number Ranges:

2019 KB451063 - KB452951
2020 LB450012 - LB453963
2021 MB450019 - MB452323

VINs in Your Inventory

Our records indicate unit(s) sold or in your present lot inventory fall within this range, which will require immediate preventative action. Important: If some of the units are still in your inventory, Federal Law requires you to complete the recall service on those units before retail delivery.

Please log-in to Key Express for your list of VINs in campaign # 20-391.

Advisory Instructions

Claims for the units which have been serviced must be submitted. Claims submitted will be used by Keystone to record recall service completions and provide dealer payments.
