Subject: BMW Recall 20V-761: 48-Volt Battery Connections - UPDATE

The repair has been posted on TIS (B12 12 20) and remedy is now available.

We will be sending out in-car notifications to the affected customers and will follow it up with a customer notification letter by the end of the month.

As a reminder, please utilize our ROSS tools to proactively reach out to your customers to get this repair completed.

Thank you for your support with this recall.

Sincerely,
Technical Service
