***** IMPORTANT SAFETY RECALL *****

NHTSA Recall 20E019

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act (NHTSA). Agility Fuel Solutions LLC (Agility) has determined that a defect which relates to motor vehicle safety exists in certain pressure relief devices (PRDs) manufactured by EMER S.p.A. (EMER) (EMER PRD Part Numbers PRD2302T-004, PRD2322T-001, PRD2322T-004, PRD2102T, PRD212, PRD 210OR) and EMER valves that contain these PRDs (EMER Valve Part Numbers MARK147-007 and MARK147-008). Agility is conducting a safety recall to address this condition. Our records indicate that you may have purchased some of the above-listed PRDs and/or valves as service and/or replacement parts.

What is the issue?

The EMER-supplied thermally activated PRDs and valves identified above may not vent a fuel system as intended when exposed to heat. If a PRD, including a PRD within a valve, does not release, or is slow to release, during a fire on a fuel system, one or more system components may rupture, potentially causing equipment damage and/or personal injury.

What will Agility do?

If you the purchased PRDs and/or valves listed above, Agility will send you a free replacement PRD or valve that meets applicable specifications. Replacement parts are currently available. For PRDs or valves that have been installed on vehicles, Agility will provide work instructions describing appropriate replacement procedures.

What should you do?

Please call Agility at your earliest opportunity at (949) 267-7745 to request replacement PRDs and/or valves. If you no longer own the vehicle(s) on which one of the recalled PRDs or valves was installed and have an address for the new owner, please forward a copy of this letter to the new owner and provide Agility with updated contact information at (949) 267-7745.

Note: *Federal law prohibits the delivery of new motor vehicles or motor vehicle equipment under a sale or lease until the defect has been remedied. Federal law also requires that any vehicle lessor receiving this recall notice forward a copy of the notice to the lessee with 10 days.*

Can we assist further?

Please call Agility at (949) 267-7745 or send us an email at support@agilityfs.com if you have any questions or need further assistance. Owners that are unable to obtain the recall remedy within a reasonable time may write to the Administrator, National Highway Traffic Safety

Administration, 1200 New Jersey Ave., S.E., Washington, DC 20590 or call the free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-900-424-9153) or go to www.safercar.gov (reference NHTSA Safety Recall No. 20E019).
