Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect which relates to motor vehicle safety exists in certain model year 2007 – 2010 Hyundai Elantra, 2009 – 2011 Hyundai Elantra Touring, 2007 – 2008 Hyundai Entourage, and 2007 Hyundai Santa Fe vehicles produced by Hyundai Motor Company in the Republic of Korea. Our records indicate that your vehicle is affected.

#### What is the problem?

The subject vehicles are equipped with an Anti-Lock Brake System ("ABS") module that remains energized when the vehicle is turned off. If moisture enters the electrical circuit of the ABS module a short circuit could develop. A specific causality allowing moisture to enter the ABS module electrical circuit has not yet been identified; however, because the ABS module is continually powered, an electrical short could develop even while the vehicle is turned off. If a short circuit occurs inside the ABS module, there could be an increased risk of an engine compartment fire, even when the car is turned off, increasing the risk of injury. The short circuit does not affect brake system operation.

#### What will Hyundai do?

Your Hyundai dealer will install a relay in the vehicle's main junction box. This procedure will be performed at NO CHARGE to you.

### What should you do?

Park your vehicles outside and away from structures and other vehicles until the repair is completed.

Please contact your nearest Hyundai dealer to schedule the recall repair as soon as possible.

The actual time required to perform the installation may take up to one hour, however your vehicle may be needed longer, therefore we recommend scheduling a service appointment to minimize inconvenience.

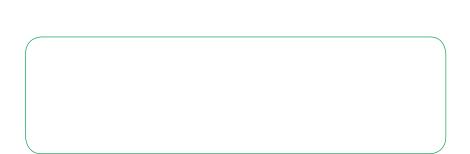

#### If you have other questions

If you require further assistance, you may contact the Hyundai Customer Care Center at 1-855-371-9460. If you believe that the dealer or Hyundai has failed or is unable to remedy the defect within a reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue S.E., Washington, D.C. 20590, or call the toll free Vehicle Safety Hot Line at 1-888-327-4236 (TTY: 1-800-424-9153), or go to https://www.safercar.gov.

Thank you for your attention to this important safety matter. We apologize for any inconvenience this may have caused you.

Hyundai Motor America

If you are a vehicle lessor, Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days

### No longer own this vehicle?

Changes to your name, address, or if you no longer own this vehicle — Update your information and return this form using the postage-paid envelope enclosed.
