# IMPORTANT SAFETY RECALL

## Windshield Wipers

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US has decided that a defect, which relates to motor vehicle safety, exists in certain [2019-2020 (DS) Ram 1500 Pickup, 2019-2020 (DT) Ram 1500 Pickup, 2019-2020 (MP) Jeep Compass] vehicles.

### RECALL DESCRIPTION

The wiper arm on your vehicle <sup>[1]</sup> may have been built with an improperly formed wiper arm head joint that did not fully form the splines of the head joint on the wiper arm. This can allow the joint to strip and result in the wiper arm failing to operate properly when the system is activated. Prior to complete wiper system failure, the driver may notice that one or both wipers do not clear the windshield properly or that the wipers are not in their proper rest positions. **An improperly functioning wiper system may, in certain circumstances, lead to diminished road visibility which can cause a vehicle crash without prior warning.**

### YOUR VEHICLE HAS ALREADY BEEN REMEDIED

According to our records, your vehicle has already received the required service. Therefore, your vehicle has been remedied and this safety recall does not need to be performed.

**This notification is provided for your records only. There is nothing more that you need to do.**
