This notice applies to your vehicle, \_\_\_\_\_.

Date: July, 2020

Dear FIRSTNAME LASTNAME,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

**Reason for notice:** Mitsubishi Motors North America, Inc. (MMNA) has decided that a defect relating to motor vehicle safety exists in certain 2008 – 2010 Lancer, 2010 Lancer Sportback, 2008 – 2013 Outlander, and 2011 – 2016 Outlander Sport vehicles operated in states where road salt is used. The inside and outside surfaces of the front cross members used on certain vehicles, if exposed long term to snow melt water and anti-freezing agents, may corrode due to insufficient performance of the rust protection agent. If this occurs, the front lower control arms may detach. A detached front control arm can result in a loss of vehicle control, increasing the risk of a crash.

**What you should do:** Please contact your local Authorized Mitsubishi Motors dealer and schedule an appointment to have the repair performed. When you bring your vehicle in, please show the dealer this letter. If you misplace this letter, the dealer will still perform this repair for your vehicle, free of charge.

**What your dealer will do:** The dealership will inspect and apply anti-corrosion agents to the inside and outside of your vehicle's cross member. If perforation(s) are found during inspection, the dealer will replace your vehicle's cross member with a new one.

**How long will it take?** The time needed for inspection and application of anti-corrosion agents is approximately **1.5** hrs. If perforation(s) are found during the inspection, the repair could take up to **4 hrs**. The dealer may need your vehicle for a longer period of time, but every effort will be made to minimize your inconvenience.

If you have any questions, please contact the Mitsubishi Customer Relations Department at **888-648-7820**. Hours: Monday through Friday 7 a.m. to 4 p.m. (Central Time)
