Get access to recall notifications, locate your nearest dealer, and more through this website or Mopar Owner's Companion App. You will be asked to provide your Vehicle Identification Number (VIN) to protect and verify your identity. The last eight characters of your VIN are provided above.

#### DEALERSHIP INSTRUCTIONS

Please reference Safety Recall W46.

# IMPORTANT SAFETY RECALL

## 12-Volt Isolator Post Connection

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US has decided that a defect, which relates to motor vehicle safety, exists in certain [2017-2020 Model Year (RU) Chrysler Pacifica] Plug-In Hybrid vehicles.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

#### WHY DOES MY VEHICLE NEED REPAIRS?

In some circumstances, the 12-volt isolator post on your vehicle <sup>[1]</sup> may experience a high resistance electrical connection due to inadvertent liquid intrusion. High resistance electrical connections can lead to prolonged heating and a potential vehicle fire with the vehicle on or off. **A vehicle fire may increase the risk of injury to occupants and persons outside of the vehicle, as well as property damage.**

**Customers are advised to exercise the following precautions until the vehicle has this repair completed:** do not park these vehicles inside of buildings or structures and avoid parking near other vehicles. In addition, keep liquids out of the backseat area, including but not limited to beverages, wet items, umbrellas, or bottled liquids that may leak.

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will install a gasket on the 12-volt isolator post. Your dealer will also inspect the 12-volt isolator post connection joint and if necessary, replace the isolator post and 12 volt electrical cables. The estimated repair time is about 2 hours for gasket replacement and up to 4 hours if electrical cables require replacement. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,  
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

#### WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit [www.fcarecallreimbursement.com](http://www.fcarecallreimbursement.com) to submit your reimbursement request online. <sup>[3]</sup> Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
