SAFETY RECALL NOTICE
 Safety Recall: 20V-424
 Safety Advisory: RC000198
 September 2020

IMPORTANT SAFETY RECALL
This notice applies to your vehicle: «VIN»

«Owner_name»
 «Street»
 «City», «State» «Zip»

Dear «Owner_name»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Thor Motor Coach (TMC) has decided that a non-compliance which relates to motor vehicle safety exists in certain model year 2020/2021 20A/AT Sequence & Tellaro motorhomes. As a result, TMC is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

Reason for this recall

It has been discovered that on certain model year 2020/2021 20A/AT Sequence and Tellaro motorhomes, the dinette seatbelts may be too small and not fit up to a 95th percentile male, which is a non-compliance of FMVSS 208 & 209. If a person is unable to properly buckle themselves while the motorhome is in motion, in the event of a crash there is an increased risk of serious injury and death.

What we will do

TMC has contacted your selling dealer and has instructed them on how to inspect the installed seatbelt length and replace if necessary. This will be done at no cost to you the owner. The remedy should take approximately up to fifteen (15) minutes to perform.

What we need you to do
