**NOTIFICACIÓN PROPIETARIO**

**NHTSA RECALL 20V-556**

Dear Nissan Titan Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Nissan has decided that certain 2019 Model Year Nissan Titan vehicles fail to conform to Federal Motor Vehicle Standard (FMVSS) number 108, "Lamps, reflective devices, and associated equipment." Our records indicate that you own or lease the Nissan vehicle identified by the VIN on the inside of this notice.

**Reason for Recall**  
**Motivo del Retiro**

Nissan Titan models equipped with LED headlamps may contain incorrect lens markings. Specifically, the headlamp may have been assembled with halogen headlamp lens markings and, as a result, the LED lamps may not contain the correct nomenclature and photometric aiming marks. The incorrect marks may cause the headlights to be aimed incorrectly during servicing, resulting in insufficient illumination of the road while driving at night, thereby increasing the risk of a crash.

**What Nissan Will Do**  
**Qué Hará Nissan**

Your Nissan dealer will inspect the LED head lamp markings and replace one or both of the head lamp assemblies if incorrect, free of charge. This free service may take up to one (1) hour to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.
