IMPORTANT SAFETY RECALL

See enclosed VIN list

Subject: Steer Axle Bosch Caliper Tie Bars

This notice is sent to you in accordance with the requirements of the *National Traffic and Motor Vehicle Safety Act*.

Daimler Trucks North America LLC (DTNA), on behalf of its Freightliner Trucks Division, and wholly owned subsidiary, Freightliner Custom Chassis Corporation, has decided that a defect which relates to motor vehicle safety exists on specific Model Year 2021-2022 Freightliner Business Class M2, and Freightliner Custom Chassis MBC, MC, MT55, B2 school bus chassis (Thomas Built Buses Saf-T-Liner C2), and S2 shuttle bus chassis manufactured October 13, 2020, through December 3, 2020.

On certain vehicles, the caliper tie bar fasteners on the steer axle may not have been torqued to specification. A loose or dangling tie bar may come in contact with wheel-end components, which could affect vehicle braking and increase the risk of a crash.

The steer axle caliper tie bar fasteners and wheel end assemblies will be inspected and repaired as necessary. Repairs will be performed by Daimler Trucks North America authorized service facilities.
