## DELIVERY STOP & RECALL 20V-095: REAR SPOILER

Please perform the procedure outlined in this Service Information on all affected vehicles before customer delivery. In the event the customer has already taken delivery of the vehicle, please perform the procedure the next time the vehicle is in the shop.

This Service Information Bulletin (Revision 1) replaces SI B51 06 20 **dated February 2020**.

### What's New :

- Parts

## MODEL

E-Series	Model Description	Production Date
F96	X6 M Sports Activity Coupe (SAC)	January 6 - 24, 2020
G06	X6 Sports Activity Coupe	January 6 - 24, 2020

## AFFECTED VEHICLES

Vehicles which require this Recall Campaign to be completed will show it as "Open" when checked either in AIR, the "Service Menu" of DCSnet (Dealer Communication System) or with ISPA NEXT.

Recall letter and Q&A are attached.

## SITUATION

BMW AG is conducting a Voluntary Safety Recall (effective February 13, 2020) on a small number of Model Year 2020 BMW X6 SAC models that were produced between January 6, 2020 and January 24, 2020.

The rear spoiler on the upper roof may become loose. Over time, it may detach which could become a road hazard for other drivers and increase the risk of a crash.

## CAUSE

The upper right corner of the rear spoiler can delaminate due to a defective gluing of the material.

## CORRECTION

Check the rear spoiler and replace if necessary.

## PROCEDURE

Shown above is the area (right side only) of the spoiler that will be inspected.

1. In the area shown above and to the left, visually compare the height of the rear spoiler from left to right.

Note: Use the left side for reference, because the left side will always be correct.

2. Using a ruler, measure the distance between the bottom of the spoiler and the rear window (2 mm shown here).

Note this measurement.

3. While pressing upwards using a thumb and moderate force, measure the gap between the glass and the bottom of the rear spoiler (arrow) again.

4. Taking into consideration the original distance between the spoiler and the rear window, were you able to lift the spoiler more than 6 mm **above the original value measured in step 2?**

Yes: Continue to step 5.

No: No further correction is needed.

5. Replace the rear spoiler following repair instructions REP 51 71 407 "**Replace rear spoiler**".

- **Painting the rear spoiler has a flat rate allowance of 1.8 to 2.2 hours depending on paint type**
- **Please note that the maximum claimable sublet amount for painting the rear spoiler is the applicable time allowance times the CCRC's/body shops hourly rate plus the required paint material**
- **Blending the paint into the adjoining body panels is not necessary**

## **PARTS INFORMATION**

If the parts are blocked from ordering, please monitor the Parts Matrix for ordering procedure.

Only use and invoice the part numbers below that apply.

Performing a part number look-up in ETK (EPC) by VIN or model in place of using/invoicing the following part numbers may result with the wrong part numbers being invoiced and installed, this could delay the payment of claim.

<b>Part Number</b>	<b>Description</b>	<b>Quantity</b>
51 62 9 881 846	Primed rear spoiler	1
51 62 9 881 848	Service kit	1
07 14 9 136 882	Clip with blue sealing washer	If not reusable, up to 7

## **Rear Spoiler Replacement – RO Invoicing for Claim Submission**

On your center's repair order (RO) for the line item for replacing the rear spoiler, invoice the needed part numbers from the above list, as well as any other needed/required ETK small parts and provide these items to the CCRC or body shop that is performing this repair.

The CCRC's or the body shop's final invoice will included the applicable sheet metal labor, refinish labor, paint and material repair costs.

Add the CCRC's or the body shop's final invoice to the rear spoiler replacement line item on the RO in sublet at cost.

Please refer to the Warranty Information Section for additional information and sublet amount limits.

## **WARRANTY INFORMATION**

Reimbursement for this Recall will be via normal claim entry utilizing the following information together with the specified part number(s) listed above that apply.

Only one of the flat rate labor operation codes listed below can be used for claim submission/reimbursement purposes.

<b>Defect Code:</b>	<b>0051860400</b>

### Claim Repair Comments

Only reference the SIB number and the work package (Pkg) number performed in the RO technician notes and in the claim comments (For example: B51 06 20 WP 1), unless otherwise required by State law.

And:

### Sublet – Paint Work (RO and Claim Comments Required)

<b>Sublet Code 3</b>	Up to \$260.00	Reimbursement for the paint work and materials (excluding the rear spoiler, service kit, clips and other related/required BMW part numbers)
----------------------	----------------	---

**Note:** Aftersales Area Manager (AAM) "Field Authorization" (FAS) is **not** required.

Invoice the eligible repair/paint work in sublet on the repair order at the actual cost charged with no handling or markup. The sublet amount must also include any discounts or allowances.

The appropriate charge for the necessary repair-related paint work procedures is determined by comparing the charged amount against the corresponding amount that is based on your warranty rates.

Prior to performing the repair, calculate your center's repair cost and then obtain outside repair estimate(s) for price comparison purposes.

**It is your center's responsibility to review the repair cost estimate prior to the repair being performed. This will help ensure that the amount requested for the paint work is customary, fair and reasonable. Also, it must not exceed the scope of the repair work described in this bulletin.**

Itemize the claimed sublet amount on the repair order and in claim comment section.

And, as applicable:

#### **Alternative Mobility Solution (AMS) for Vehicle Owners (RO and Claim Comments Required)**

This Recall repair qualifies for Alternative Mobility Solution (AMS) expense reimbursement, claim this item under the Defect Code noted above as follows:

Sublet Code 2 - Itemize the AMS sublet amount on the repair order and in the claim comment section.

Please refer to [SI B01 29 16](#) for additional information.

#### **TREAD Act Reimbursement - Qualifying Prior Customer-Pay Repairs (Retailed Vehicles)**

If your center is presented with a reimbursement request, BMW of North America, LLC will reimburse qualifying customer-pay repairs that were performed on a retail affected vehicles **prior** to the release of this Recall Service Information bulletin.

#### **Customer-pay Invoice Review and Reimbursement Procedure**

Review and verify that the prior customer-pay invoice (BMW center or independent repair shop) contains a repair that was performed to address the issue described in this Recall Service Information bulletin.

If this prior repair qualifies, reimburse the customer (labor and parts).

Submit for this customer-paid repair expense under Defect Code **85 99 00 12 NA**, as follows:

- Sublet Code 3
- Dollar amount (with no markup)
- Comment: Recall 20V-095: REAR SPOILER - Reimbursement for allowable expenses that relate to performing the prior qualifying customer-pay repair
- Additionally, explain and itemize the claimed sublet amount on the repair and in the claim comments

Retain the original customer pay invoice in your files; this documentation may be requested by BMW during the claim review process.

#### **Repairs that do not qualify for Reimbursement**

Repairs that do not qualify for reimbursement include repairs performed on non-affected vehicles, and/or the diagnosis and repair of other unrelated issues. This exclusion applies to repairs that were performed using non-genuine BMW parts and/or used passenger car or light truck parts.

This claim submission for the prior customer-pay reimbursement, when it is submitted as outlined under Defect Code 85 99 00 12 NA, **will not close** the Open Safety Recall on the vehicle.

## **SAFETY RECALL NOTICE**

To: All Center Operators, Sales Managers, Service Manager, Parts Manager and Warranty Processor

RE: Delivery Stop & Recall 20V-095: Rear Spoiler – B51 06 20

BMW AG is conducting a Voluntary Safety Recall (effective February 13, 2020) on a small number of Model Year 2020 BMW X6 SAC models that were produced between January 6, 2020 and January 24, 2020.

**Please be reminded that it is a violation of federal law (The Safety Act) for you to sell, lease or deliver any new motor vehicle covered by this notification until the recall repair has been performed. This means that centers may not legally deliver new motor vehicles to consumers until they are fixed or use/sell replacement equipment/parts subject to this recall. Note also that substantial civil penalties apply to violations of the Safety Act.**

**Also, you should not sell, lease or deliver any Certified Pre-Owned or used vehicles subject to a safety recall until the repair is completed.**

**Please follow any special instructions that we provide to you for the return or disposition of recall parts.**

We appreciate all your assistance with this Recall.
