“Right first time in Time”

Reference Bulletins: QB R29998

Volvo Car USA LLC and Volvo Car Canada LTD (Volvo) on behalf of Volvo Car Group, has decided to launch Recall R29998 on certain Volvo S60, V60, V60CC, S90L, V90, V90CC, XC40, XC60 and XC90 MY 2019-2020.

Volvo has identified that the Active Safety Domain Master (ASDM) micro-processor can't interpret the temperature status properly from internal memory, leading to low confidence value from the camera. ASDM quality signal may be suppressed from the camera, which leads to a downgrading of the AEB (Automatic Emergency Brake) functionality, a part of Volvo Intellisafe package.

The corrective action is a total upgrade.

A total of 121,606 U.S. and 11,834 Canadian vehicles are eligible for this recall.

The following part numbers apply:

Part Number	Description	Qty
31483292	Total Upgrade XC90 and XC60	1
31654144	Total Upgrade V90 and V90CC	1
