

## PROCEDURE TO CHECK IF VISTA IV HAS BEEN RECALLED

Conduct the following steps to verify if both the front and rear Vista IV screens have been recalled:

1. Flip up both the PCB (printed circuit board) Access Port (Left Side) and USB Port (Right Side) as shown.
2. Inspect PCB and USB Port as shown below:

USB Color	PCB Color	Yellow Dot	Good/Recalled
Black 	Blue 	No 	<b>UNIT NOT RECALLED</b>
White 	Green 	Yes 	<b>UNIT NOT RECALLED</b>
White 	Green 	No 	<b>UNIT RECALLED</b>

### SECONDARY CHECK – REQUIRES ACCESS TO BACK OF VISTA

The recall can also be verified by referencing the provided list of impacted serial numbers as well as the 2020-0XX sticker next to the serial number label on the backside of the unit.

**2020-015: UNIT RECALLED**

**2020-016 UNIT NOT RECALLED**
