**AVOID PUTTING YOURSELF AND YOUR LOVED ONES
IN DANGER.**

DON'T IGNORE THIS SAFETY RECALL

VIN:

Avoid putting yourself and your loved ones in danger.

The front turn signal bulbs may not illuminate as brightly as required, increasing the risk of a crash.

**Call 1-215-885-5400 to schedule your FREE repair or
schedule online.**

What you need to know

CONDITION In your 2018 Tundra, the wire harness connected to the front turn signal bulbs was assembled incorrectly, causing them not to illuminate as brightly as intended. This can cause the subject vehicles not to comply with a certain Federal Motor Vehicle Safety Standard requirement. **If oncoming traffic is unable to notice the front turn signals or front hazard warning lights, it may result in an increased risk of a crash.**

REMEDY Any authorized Toyota dealer will modify the wire harness connected to the front turn signal bulbs **FREE OF CHARGE** to you.

DURATION The remedy will take approximately 45 minutes. However, depending on the dealer's work schedule, it may be necessary to make your vehicle available for a longer period of time.

If you are not the current owner of the vehicle, [click here](#) to update your records.

**EVITA PONER EN PELIGRO A TUS SERES
QUERIDOS Y A TI MISMO.**

CONDICIÓN En tu Tundra 2018, el arnés de cableado conectado a los focos de los indicadores direccionales frontales se ensambló incorrectamente, causando que estos no iluminen con el brillo deseado. Esto puede causar que los vehículos indicados no cumplan con algún requerimiento de los Estándares Federales de Seguridad de Vehículos Motorizados (FMVSS). **Si el tráfico que se aproxima no puede notar los indicadores direccionales**

frontales o las luces de advertencia de peligro frontales, esto puede provocar un aumento del riesgo de un choque.

**LLAMA AL 1-215-885-5400 PARA PROGRAMAR TU
REPARACIÓN GRATUITA.**

Service Center

It's easy to schedule the **FREE** safety recall repair with us
