

# IMPORTANT: SAFETY RECALL REMINDER

In February 2021, we notified you of a Safety Recall involving the fuel tank on your 2018 - 2019 CRF1000L Africa Twin Adventure Sport or certain 2020 CRF1100L Africa Twin Adventure Sport motorcycles. At the time, we advised owners of the following:

**During the fuel tank manufacturing process, contaminants were generated that can mix with fuel and clog the fuel filter. Under these conditions, the engine could potentially stall and cause the motorcycle to stop, increasing the risk of a crash.**

According to our records, your affected motorcycle has not been repaired. Please call your authorized Honda Powersports dealer to schedule an appointment as soon as possible. This recall repair will be performed free of charge.

If your motorcycle has already been repaired, or if you no longer own this motorcycle, please let us know by filling out the included, postage paid, *Information Change Card*. We will update our records and stop sending you reminder notices.

If you have any questions about this recall, your authorized Honda Powersports dealer will be happy to assist you.

Sincerely,

**American Honda Motor Co., Inc.  
Powersports Products**
