Subject:

Light Relocation,
Reflector, and
Conspicuity Tape
Installation Kit
(VVK000007)

Background:

In July 2020 and July 2022, owner notifications were sent regarding the above-referenced product safety recall. We have not received confirmation that all the machines have been updated.

INADEQUATE LIGHTING, REFLECTORS, AND CONSPICUITY TAPE

The lighting, side and rear reflectors, and conspicuity tape do not meet US or Canada Federal Motor Vehicle Safety Standard (FMVSS/CMVSS) governmental regulation 108 for the United States, Canada and Mexico.

DEATH OR SERIOUS INJURY POSSIBLE

When towing or parking the vacuum excavator on public roadways, a crash may occur resulting in **death or serious injury** resulting from a driver(s) of other vehicle(s) not seeing the vacuum excavator at night or during limited sunlight and strike the vacuum excavator. To reduce the potential of this occurring, vehicle lights will be relocated, additional reflectors and conspicuity tape are being added.

Property or equipment damage may also occur.

Reference: Service bulletin SVV2020-010 first notice and service bulletin SMV2022-011 second notice for this product safety recall.

Solution:

IMMEDIATE MACHINE MODIFICATIONS REQUIRED

VVK000007 has been created to provide the necessary parts and instructions to relocate the vehicle lights, add reflex reflectors to the front, side, and rear, add conspicuity tape to the sides and rear. **This kit must be installed as soon as possible.**
