Dear BMW Owner / Lessee:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. BMW AG has decided that certain Model Year 2018-2020 BMW R1250 (R, RS, RT, GS, GS Adventure), RnineT, and RnineT (Pure, Racer, Scrambler) motorcycles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 122 (Motorcycle Brake Systems). Our records indicate that you are the owner of a potentially affected motorcycle.

Why are we contacting you?

We are informing you of a Non-Compliance Recall on your motorcycle although we are not able to perform the remedy at this time. We will notify you with a follow-up letter as soon as we are able to perform this Non-Compliance Recall. **If you are not the only rider of this motorcycle, please advise all other riders of this important information.**

What could happen?

The stamped text on the optional (milled and color-specific) brake fluid reservoir cover may not meet a Federal requirement. If the text was misunderstood, it could lead to an improper maintenance procedure.

What will BMW do?

When the remedy is available, the brake fluid reservoir cover will be replaced for free which should take about 30 minutes.

What if the current motorcycle ownership information is incorrect?

If you changed your address or sold the motorcycle, please let us know by contacting BMW Customer Relations (see left side of page for contact info). **If you are a motorcycle lessor, Federal Regulations require you to forward this notice to your lessee within ten days.**
