**August 2020
FL855
Interim Recall Notice
NHTSA #20V-390**

IMPORTANT SAFETY RECALL See enclosed VIN list

Subject: Braking System Platform Single Modulator Valves

This notice is sent to you in accordance with the requirements of the *National Traffic and Motor Vehicle Safety Act*.

Daimler Trucks North America LLC (DTNA), on behalf of its Freightliner Trucks Division, has decided that a defect which relates to motor vehicle safety exists on specific Model Year 2017-2021 Freightliner Cascadia vehicles manufactured March 8, 2016, through June 25, 2020.

On certain vehicles, chemical corrosion could affect the functionality of the single brake modulator valve, which may result in slow release timing of brakes on the affected side. A slow release of the brake on one side during an active brake request (i.e. automatic braking events), could lead to a brake pull resulting in a sudden change in vehicle direction due to uneven braking on the front axle, increasing the risk of a motor vehicle crash. Regular service brakes are not affected.

This is the first of two notices you will receive regarding this subject. This letter is to inform you of an upcoming Recall to correct the issue noted above. Daimler Trucks is currently securing replacement parts. **There is no action for you to take at this time.**

The second notice will inform you when the final remedy is available. **When you receive the second notice**, please contact your authorized Daimler Trucks North America dealer to schedule the Recall for your vehicle.

If you do not own the vehicle that corresponds to the identification number(s) which appears on the Recall Notification, please return the notification to the Warranty Campaigns Department with any information you can furnish that will assist us in locating the present owner. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within 10 days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days.

If you have questions about this Recall, please contact the Warranty Campaigns Department at (800) 547-0712, 7:00 a.m. to 4:00 p.m. Pacific Time, Monday through Friday, e-mail address DTNA.Warranty.Campaigns@Daimler.com. For other concerns, you may contact the Customer Assistance Center at (800) 385-4357. If you are not able to have the defect remedied without charge and within a reasonable time, you may wish to submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590; or call the Vehicle Safety Hotline at (888) 327-4236 (TTY: 800-424-9153); or go to <http://www.safercar.gov>.

We regret any inconvenience this action may cause but feel certain you understand our interest in motor vehicle safety.
