This notice applies to your Hyundai, VIN: XXXXXXXXXXXXXXXXXXXX

Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect which relates to motor vehicle safety exists in your vehicle, with the VIN shown above. Hyundai is conducting a safety recall in the United States to repair the 12V accessory outlet and Tire Mobility Kit air compressor in certain model year 2012 Hyundai Accent, 2012 Hyundai Veloster, and 2011 – 2012 Hyundai Sonata Hybrid vehicles produced by Hyundai Motor Company (“HMC”), certain model year 2011 – 2012 Hyundai Elantra vehicles produced by Hyundai Motor Company (“HMC”) and Elantra vehicles produced by Hyundai Motor Manufacturing Alabama (“HMMA”).

The purpose of this letter is to explain what the recall is about and to keep you informed of Hyundai’s recall implementation plan. We are currently making preparations to implement the safety recall remedy which when available, will be performed at no cost to you. We will send you another notification when the remedy is available.

What is the problem?

The subject vehicles are equipped with accessory Tire Mobility Kits (“TMK”) intended for use by customers to temporarily repair a flat or punctured tire. The TMK air compressor can be powered by the vehicle’s 12V accessory outlet, which contains a thermal fuse that cuts the outlet’s power to safeguard against overheating. Certain accessory outlets may have been excessively tightened when they were installed, disabling the operation of the thermal fuse. If the thermal fuse is disabled, the outlet could eventually overheat with prolonged use of the TMK air compressor. An overheated accessory outlet increases the risk of fire.

What should you do in the interim?

We appreciate your patience. Hyundai is currently making preparations to implement the recall remedy. You will receive a second notification letter when the remedy is available. In the interim, if the Malfunction Indicator Light is illuminated in your vehicle, you should seek service at your Hyundai dealer as soon as possible.
