IMPORTANT SAFETY RECALL

Rear Visibility Default View

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US has decided that certain [2018 Model Year (LD) Dodge Charger] Pursuit (Police) vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 111 – Rear Visibility.

WHY DOES MY VEHICLE NEED REPAIRS?

The Body Control Module (BCM) software on your vehicle ^[1] may not meet FMVSS No. 111 which requires that the rear visibility system default to the rearview image being visible, at the beginning of each backing event, regardless of any modifications to the field of view that the driver had previously selected. Suspect vehicles are equipped with a "stealth mode" that disables the rearview image when selected and the system does not default to displaying the rearview image at the beginning of the next backing event after being engaged. The vehicle operator will notice that the rearview image is not displayed if attempting to reference the image while backing. **If this warning is not heeded, backing without verifying it is safe to do so, could lead to an increased risk of injury to people outside the vehicle.**

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

The remedy for this condition is not currently available. We are making every effort to finalize the remedy as quickly as possible, and will service your vehicle free of charge (parts and labor).

FCA US will contact you again, by mail, with a follow-up recall notice when the remedy is available. Once you receive your follow-up notice, simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment ^[2]. Additional options for your next steps are included on the left side of this notification. We appreciate your patience.

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online ^[3]. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.

Customer Assistance/Field Operations
