20V-617 Chronology

1. All principal events that were the basis for the determination that the defect related to motor vehicle safety.

We received warranty claims from our worldwide dealer network that the front and in some cases the rear brake levers have extended play especially after a prolonged period of inactivity.

Details about chronology of principal events are listed here below:

2. A summary of all warranty claims, field or service reports,

Enclosed: summary of related warranty claims on brake .

Relevance of each event is classified adding ranking 1-2-3 (1=accident; 2= clear feedback from the customer; 3= low evidence or not clear relation to the issue).

Warranty no.	Relevance (*)	Part Number	Description	Vehicle Type	Production Date	Selling Date	Country	Mileage	Country
