The driver's side view mirror on your vehicle may have been built with a mirror glass that was not properly adhered to the backing plate during the manufacturing process. This condition may result in the mirror glass falling off. A missing driver side mirror glass reduces visibility and could result in a vehicle crash without prior warning.

How do I schedule my **FREE** repair?

- ◆ Simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
