Subject: Incorrect Federal Identification Tag/Part 567

Dear Mr. Carolus:

This letter serves to acknowledge Keystone RV Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:
DUTCHMEN/VOLTAGE/2021

Mfr's Report Date: January 21, 2021

NHTSA Campaign Number: 21V-022

Components:
EQUIPMENT:OTHER:LABELS
TIRES

Potential Number of Units Affected: 12

Problem Description:

Keystone RV Company (Keystone) is recalling certain 2021 Dutchmen Voltage 3915 and 4225 recreational trailers. The Federal Identification Tag incorrectly lists the recommended tire pressure as 95 PSI, instead of the correct tire pressure of 110 PSI. As such, these vehicles fail to comply with the requirements of 49 CFR Part 567, "Certification."

Consequence:

Incorrect PSI information on the label could cause the tires to be underinflated, increasing the risk of a crash.

Remedy:

Keystone will notify owners, and dealers will replace the Federal Identification Tag, free of charge. The recall is expected to begin February 18, 2021. Owners may contact Keystone customer service at 1-866-425-4369. Keystone's number for this recall is 21-400.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

NHTSA has reviewed and approved Keystone's proposed owner notification letter for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kristin Lepper who may be reached by phone at 202-366-5227, or by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,
