Subject: Hood Hinge Screws May Come Loose

Dear Mr. Forghieri:

This letter serves to acknowledge Lamborghini (Automobili Lamborghini)'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

LAMBORGHINI/AVENTADOR SVJ/2018-2021

Mfr's Report Date: February 24, 2021

NHTSA Campaign Number: 21V-107

Components:

STRUCTURE:BODY:HOOD:HINGE AND ATTACHMENTS

Potential Number of Units Affected: 221

Problem Description:

Lamborghini (Automobili Lamborghini) is recalling certain 2018-2021 Aventador SVJ Coupe vehicles. The hood hinge screws may loosen, possibly resulting in an unlatched hood. This may cause the hood to detach from the vehicle in certain, high-speed driving conditions.

Consequence:

A detached hood can create a road hazard and increase the risk of a crash.

Remedy:

Lamborghini will notify owners, and dealers will replace the hood hinge screws, free of charge. The recall is expected to begin April 9, 2021. Owners may contact Automobili Lamborghini customer service at 1-866-681-6276. Automobili Lamborghini's number for this recall is L734-R.01.21.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

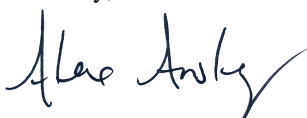

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
