Please review the following information to ensure that it conforms to your records as this information is being made available to the public. **Mfr's Report Date:** February 25, 2021

**NHTSA Campaign Number:** 21V-118

**Components:**

EXTERIOR LIGHTING:HEADLIGHTS  
EXTERIOR LIGHTING:LIGHTING CONTROL MODULE:SOFTWARE

**Potential Number of Units Affected:** 565

**Problem Description:**

Jaguar Land Rover North America, LLC. (Land Rover) is recalling certain 2019-2020 Jaguar F-Pace vehicles. The Auto High Beam (AHB) system does not indicate through the instrument cluster when the high beams are illuminated automatically. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 108, "Lamps, Reflective Devices, and Associated Equipment."

**Consequence:**

The driver may be unaware that the high beams are illuminated, reducing visibility for oncoming traffic, and increasing the risk of a crash.

**Remedy:**

Jaguar will notify owners, and dealers will update the vehicle software, free of charge. The recall is expected to begin April 23, 2021. Owners may contact Jaguar customer service at 1-800-369-1000. Jaguar's number for this recall is H332.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
