Director of Corporate Compliance  
Forest River, Inc.  
2324 Century Drive  
Goshen, IN 46528  
Forest River, Inc.

NEF-107KL  
21V-128

**Subject:** Slide-Room May Partially Detach while Moving

Dear Mr. Becker:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**  
COACHMEN/CATALINA/2021

**Mfr's Report Date:** March 2, 2021

**NHTSA Campaign Number:** 21V-128

**Components:**  
STRUCTURE

**Potential Number of Units Affected:** 261

**Problem Description:**

Forest River, Inc. (Forest River) is recalling certain 2021 Catalina 184BHS and 184 BHS-W travel trailer recreational vehicles. The interior plates that clamp the slide-mechanism to the interior wall were installed incorrectly, which may cause the slide-room to partially detach during transit.

**Consequence:**

Slide-room detachment while the vehicle is moving can increase the risk of a crash or injury.

**Remedy:**

Forest River will notify owners, and dealers will reinstall the interior plates for the slide-room, free of charge. The recall is expected to begin April 9, 2021. Owners may contact Catalina customer service at 1-574-825-4995. Forest River's number for this recall is 203-1300.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

We have received Forest River's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

**Please ensure the following requirements are met:**

An identification and description of the risk to motor vehicle safety reasonably related to the defect or noncompliance (49 CFR 573.6 (c)(5)). All filings should state an increased risk of either a crash, injury or fire.

**AMENDED 573 REQUIRED.**

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Forest River, Inc.'s contact for this recall will be Kristin Lepper who may be reached by email at [kristin.lepper@dot.gov](mailto:kristin.lepper@dot.gov). We look forward to working with you.

Sincerely,

Alex Ansley  
Chief, Recall Management Division  
Office of Defects Investigation  
Enforcement
