Subject: Incorrect Tire Size Information On Label/FMVSS 110

Dear Mr. Mary:

This letter serves to acknowledge Winnebago Towable's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:
WINNEBAGO/MINNIE/2020

Mfr's Report Date: March 29, 2021

NHTSA Campaign Number: 21V-218

Components:
EQUIPMENT:OTHER:LABELS
TIRES

Potential Number of Units Affected: 60

Problem Description:

Winnebago Towable (Winnebago) is recalling certain 2020 Minnie. The incorrect tire size was printed on the Tire and Loading Information label. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 110, "Tire Selection and Rims."

Consequence:

The vehicle operator may install a replacement tire that is too large to properly fit on the vehicle, increasing the risk of a crash.

Remedy:

Winnebago will notify owners, and supply a corrected label and instructions on how to apply the label, free of charge. Dealers will install the corrected label if owners are uncomfortable applying the label themselves. The manufacturer has not yet provided a schedule for recall notification. Owners may contact Winnebago customer service at 1-574-825-5280 ext. 5220.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.
