Subject: MBUX System Software Malfunction

Dear Mr. Mole:

This letter serves to acknowledge Daimler Vans USA, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FREIGHTLINER/SPRINTER 1500/2019-2021
FREIGHTLINER/SPRINTER 2500/2019-2021
FREIGHTLINER/SPRINTER 3500/2019-2021
FREIGHTLINER/SPRINTER 4500/2019-2021
MERCEDES-BENZ/SPRINTER 1500/2019-2021
MERCEDES-BENZ/SPRINTER 2500/2019-2021
MERCEDES-BENZ/SPRINTER 3500/2019-2021
MERCEDES-BENZ/SPRINTER 4500/2019-2021

Mfr's Report Date: June 2, 2021

NHTSA Campaign Number: 21V-411

Components:

BACK OVER PREVENTION:DISPLAY FUNCTION
ELECTRICAL SYSTEM:SOFTWARE

Potential Number of Units Affected: 33,437

Problem Description:

Daimler Vans USA, LLC (DVUSA) is recalling certain 2019-2021 Mercedes-Benz Sprinter and Freightliner Sprinter vehicles. The MBUX multimedia system software may cause the display to remain black, or reboot after startup. This could result in the rearview camera image not displaying properly. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 111, "Rear Visibility."

Consequence:

A backup camera that displays a blank image reduces the driver's rear view, increasing the risk of a crash or injury.

Remedy:

The multimedia system software will be updated by a dealer, or through an over-the-air (OTA) update, free of charge. Owner

notification letters are expected to be mailed July 12, 2021. Owners may contact DVUSA customer service at 1-877-762-8267. DVUSA's number for this recall is VS3UXPOBOX.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Daimler Vans USA, LLC's contact for this recall will be Michelle Rice who may be reached by email at michelle.rice@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
