**Mfr's Report Date:** September 2, 2021

**NHTSA Campaign Number:** 21V-685

**Components:**

EQUIPMENT:RECREATIONAL VEHICLE/TRAILER:LPG SYSTEMS

**Potential Number of Units Affected:** 29,825

**Problem Description:**

Jayco, Inc. (Jayco) is recalling certain 2018-2021 Jayco Eagle, Talon, 2020 Eagle HT, 2021 Jay Feather, Jay Flight Bungalow, Jay Flight Octane, North Point, Octane Super Lite, Pinnacle, White Hawk, 2021-2022 Jay Flights SLX, Jay Flight, and 2017-2021 Seismic recreational vehicles, equipped with Winntec model 6020 two-stage propane regulators. The regulator may fail, causing an increase in propane pressure.

**Consequence:**

Increased propane pressure can enlarge the flames in gas appliances, increasing the risk of a fire.

**Remedy:**

Dealers will replace the regulator, and test the propane system for leaks, free of charge. Owner notification letters are expected to be mailed November 1, 2021. Owners may contact Jayco customer service at 1-800-283-8267.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Jayco, Inc.'s contact for this recall will be Kristin Lepper who may be reached by email at [kristin.lepper@dot.gov](mailto:kristin.lepper@dot.gov). We look forward to working with you.

Sincerely,
