### Chronology :

On or about September 25, 2020, NHTSA informed Ningbo that, based upon preliminary test results obtained by NHTSA of one model, certain deficiencies were noted which constituted possible noncompliances with FMVSS No. 108.

### Description of Remedy :

Description of Remedy Program : : The brand owner will send a recall notice to all U.S. based distributors of the above-referenced bulbs and to each U. S.-based customer who purchased these bulbs for whom Ningbo has the purchaser's contact information. The brand owner shall also publish a copy of the recall notice on a website it establishes for recall purposes. The brand owner will offer to replace the bulb with halogen headlamp bulbs that comply with FMVSS 108. To qualify for such replacement, a claimant must fill out a recall request form and provide proof of purchase and agree to return the recalled bulb. The brand owner will then have shipped the requisite number of halogen headlamp bulbs to the consumer along with a pre-paid shipping label for return of the LED bulbs.

How Remedy Component Differs from Recalled Component :	The remedy is designed to ensure that the product not be used as a headlamp bulb.
Identify How/When Recall Condition was Corrected in Production :	Ningbo has directed the manufacturer not to produce the above-referenced LED bulbs for headlamp usage in the United States.

### Recall Schedule :

Description of Recall Schedule :	Ningbo will send notices of the recall to the U.S. based distributors by no later than January 29, 2021 and to U.S. based purchasers for whom it has contact information by no later than February 28, 2021. The notification to purchasers will be via U.S. mail or e-mail. Ningbo will also maintain a website for purposes of providing notification about the recall and processing recall requests.
