To: All General Motors Dealers

On February 5, 2021, General Motors released bulletins N212328760,  
N212328770, N212328780, N212328790 and N212328800 for Front  
Passenger Airbag Takata Inflators.

**N212328800 VINs Released to “Open” Status in IVH**

Today, the status of all VINs in the population of Priority Group 10  
(N212328800) are being changed from “Incomplete – Limited or No Parts” to  
“Open” in the Investigate Vehicle History (IVH) screen in Global Warranty  
Management. Letters will be sent to owners in Priority Group 10 beginning  
mid-January to early February 2022 informing them that the remedy is now  
available for their vehicle.

**All priority groups (PG6-10) are now OPEN status in IVH.**

**What do I do with my stock of the old HD inflator kit, part  
number 84255088?**

The revisions of the bulletins to include these new single stage inflator parts  
has raised dealer questions regarding the disposition of the prior HD pickup  
part (p/n 84255088).

**THERE WILL NOT BE A SPECIAL RETURN FOR PART #84255088.**

This part is dangerous goods and cannot be returned. However, this part can  
and should continue to be used on recalls 15438 and 15817, which are for the  
2007-08MY HD pickups.

We request that dealers continue to not order 84255088 for dealer stock. Only  
order when required for recalls 15438 and 15817.

END OF MESSAGE
