## **SAFETY RECALL NOTICE: 21V-332**

TO: All E-ONE Dealers

E-ONE has decided that a safety defect exists in certain E-ONE CYCLONE 2, CYCLONE N, QUEST 2, TYPHOON, TYPHOON N vehicles manufactured from January 2017 through May 2021 equipped with CUMMINS L9 AND ISX12 FUEL RAIL. Accordingly, a recall to address this issue is being initiated effective May 25, 2021.

The fuel rail assembly may develop leaks, which may result in an undetected prolonged diesel fuel spray. This defect could result in A leak involving spraying/misting fuel in the presence of an ignition source may increase the risk of fire. The operator may see or smell diesel fuel. In some cases, the check engine lamp may illuminate.

Owners will be notified by mail about the recall and will be instructed by Cummins on how to proceed. Cummins has stated that they are developing a remedy plan and will communicate it as soon as it is available. There is no cost to owners for this recall.

E-ONE is providing, free of charge, the necessary components and instructions to rectify the issue and will pay labor costs for inspecting and replacing the included components that have not already been replaced during normal maintenance.

Please be reminded that it is a violation of Federal law for you to sell, lease or deliver a new or used CYCLONE 2, CYCLONE N, QUEST 2, TYPHOON, TYPHOON N equipped with CUMMINS L9 AND ISX12 FUEL RAIL covered by this notification until this recall has been performed on these CYCLONE 2, CYCLONE N, QUEST 2, TYPHOON, TYPHOON N. Substantial civil penalties apply to violations of this law.

Your assistance with this recall is appreciated. Should you have any questions or concerns, please contact E-ONE Customer Service at (352) 237-1122.

Sincerely,

Leroy Stephens
