Campaign No. :	NHTSA ID	Campaign Desc. :	Replace Rear Door Latches			
2021MMNNNN	21V353	21P2197392				
This is to notify you of a new Recall Campaign to replace the rear door latches on 17,800 Model Year 2019-2021 G-Class (463 platform) vehicles. The recall campaign will be visible on the www.safercar.gov website and may generate questions from customers. Affected VINs will be flagged in VMI as "PENDING" on May 21, 2021.						
<b>Background</b>						
<b>Issue</b>	Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has determined that on certain Model Year ("MY") 2019-2021 G-Class (463 platform) vehicles equipped with rear door latches for the US market, the rear doors might not open, close, or lock according to current production specifications. Depending on the tolerances of the components within the latches, the rear doors might not be fully closed even though they appear to be closed, and could open while driving under certain extreme types of driving maneuvers and road conditions, increasing the risk of a crash or injury. Further, if the child safety lock is activated on the rear doors and excessive force is used to attempt to open the doors from inside the vehicle, the internal latching components may deform and prevent the rear doors from being opened from the inside, increasing the risk of injury in the event of a crash.					
<b>What We're Doing</b>	MBUSA will conduct a voluntary recall. An authorized Mercedes-Benz dealer will replace both the rear door latches on the affected vehicles with a door latch that incorporates an enhanced design, including those previously replaced or repaired under warranty.					
<b>Parts</b>	<b>Parts are not yet available. An additional notification will be sent when the remedy is available.</b>					
<b>Vehicles Affected</b>

Given this notice, it is a violation of Federal law for a dealer to sell or lease any new MY19-21 G-Class vehicles in dealer inventory covered by this notification until the vehicle has been repaired. Once the remedy is available, the vehicles will be flagged as "OPEN" and Work Instructions will be available in Xentry. Once the repair is complete, the vehicle may be sold or leased. Loaner and demonstrator vehicles may continue to be driven, but must not be retailed until repaired. As a matter of normal service process, please check for other repair measures which might be applicable to the vehicle(s). Additionally, given this notice, it is a violation of Federal Law for car rental companies to rent new MY19-21 G-Class vehicles covered by this notification until the vehicle has been repaired.
