Subject: REVISION – N212338110-01 – Safety Recall
Airbag Light May Not Indicate Malfunction
Customer Letter Added and Population Expansion

Models: 2021 Buick Envision
2021 Cadillac CT4
2021 Cadillac CT5
2021 Cadillac Escalade, Escalade ESV
2021 Chevrolet Corvette
2021 Chevrolet Suburban
2021 Chevrolet Tahoe
2021 GMC Yukon, Yukon XL

To: All General Motors Dealers

Bulletin N212338110-01 has been revised to include a copy of the customer notification letter. Please discard all copies of bulletin N212338110.

Additional 2021 model year Buick Envision vehicles have been added to this safety recall. The attached revised list provides the Vehicle Identification Number (VIN) of all involved vehicles in dealer new inventory. If your dealership's BAC is not listed, then none of the additional involved vehicles are currently assigned to you and no further action is required.

This remedy involves a software update which is being downloaded to the affected vehicles through an over the air (OTA) programming event. Dealers can and should perform this safety bulletin on any vehicle with an "open" status in IVH. Due to the fact that vehicles will be closed in IVH through successful OTA programming, dealers should always check the status in IVH before performing any vehicle repairs.

Customer Letter Mailing

The customer letter mailing started on July 1, 2021.
