Bolt EV and Bolt EUV Revisions - Various Safety Recalls and Service Updates

GENERAL MOTORS

DCS6932

URGENT - DISTRIBUTE IMMEDIATELY

Date: June 27, 2024

Subject: Bolt EV and Bolt EUV Revisions

Various Safety Recalls and Service Updates

Revised Service Procedure

Models: Certain 2017 – 2022 Chevrolet Bolt EV and Bolt EUV

The following Safety Recalls and Service Update Bulletins have been revised. These select publications apply to certain Bolt EV and Bolt EUV vehicles.

The revised bulletins will be available in SI on Friday, June 28, 2024:

- N212343881-07: Safety Recall - High Voltage Battery May Melt or Burn
- N212343883-02: Safety Recall - High Voltage Battery May Melt or Burn
- N212345750-02: Service Update - High Voltage Battery Software Update
- N212345751-02: Service Update Bulletin - High Voltage Battery Software Update
- N212345940-02: Safety Recall - High Voltage Battery May Melt or Burn
- N212345941-07: Safety Recall - High Voltage Battery May Melt or Burn
- N212345943-04: Safety Recall - High Voltage Battery May Melt or Burn
- N212345944-01: Safety Recall - High Voltage Battery May Melt or Burn
- N212345945-01: Safety Recall - High Voltage Battery May Melt or Burn
- N212345946-01: Safety Recall - High Voltage Battery May Melt or Burn
- N222365900-02: Service Update Bulletin - High Voltage Battery Software Update

These bulletins were revised to remove the ZFA Multimodule Coordinated Sequence Programming. Technicians are now to reprogram the specific modules individually. Those modules are detailed in the updated Service Procedures. Please share this message with your technicians.
