Subject: **BMW Recall 21V-xxx: Program Control Units (DME) - Repair Available**

BMW AG is conducting a Voluntary Safety Recall (effective July 29, 2021) on certain Model Year 2019 - 2021 BMW vehicles that were produced between May 21, 2018 and June 22, 2021.

Affected vehicles will need to be reprogrammed. **The software fix is available** and the bulletin has been posted on TIS with repair instructions.

Please disregard the remedy status and continue with the repair - it will take a few days to turn green.

Additional information can be found in the attached Q&A and Recall Notice.

Sincerely,
Technical Service
